

Engel Slide - NEW

A

strong low profile steel slide that extends out 80% allowing access to your Engel freezer in confined spaces. Turn buckles and tabs (included) attach your freezer securely to the slide. Sealed roller bearings prevent jamming due to sand or dirt. Safety latch - locks tray for safe storage. Tough enough for off-road vehicles. Slide can also be used for generators.

Available for MT35, MT45, and MT60. We offer 2 slide options for MT60 - length ways or side ways pull out.

Made in South Africa

Digital Thermometer

Measures both

ambient and fridge-freezer temperatures in either Celsius or Fahrenheit.

Records and stores both minimum and maximum temperatures.

Accuracy to 1.8°F (1°C).

Temp range: Ambient 23°F ~ 158°F (-5°C ~ +70°C)

Freezer -13°F ~ 70°F (-25°C ~ +21°C)

Battery 1.5V AAA (supplied)

Probe wire length: ± 18' (5 meters)

Optional hook & loop attachment (included)

Transit Bags

These new bags are extremely popular internationally.

They not only protect your Engel freezer with a cushion layer, but they also offer added insulation for extreme conditions.

Transit Slide-Loks

These are highly recommended from a safety point of view. They help prevent your Engel freezer from shifting about in a vehicle or boat.

Simply slide your Engel into position and it

The outer layer is made of a high quality gray canvas with an accessory pocket and ventilation holes.

The bag covers the entire unit. Access to your freezer is easy - simply unzip the bag on top. The bags work with the corresponding Transit Slide-Loks.

In addition, the bags have a reflective layer on the inner side, offering top heat protection from direct sunlight, and long wave radiation.

The Transit Bags are available for the following Engel models:

[MT17](#) / [MT27](#) / [MT35](#) / [MT45](#) / [MT60](#) / [MT60 Combi](#) / [MT80](#)

Our Transit Bags will also fit the following brands 2002 through 2006 models:

Norcold - (MRFT-415, MRFT-40, MRFT-460)
ARB - (MT30E-AL, MT35F-AL, MT40E-AL, MT45F-AL, MT60E-AL, MT60F-AL)

Made in Australia

locks down automatically. To remove just push the clip to release. Its that easy!
 The slide-loks work with the corresponding Transit Bags.

Transit Slide-Loks are available for the following Engel models:

[MT17](#) / [MT27](#) / [MT35](#) / [MT45](#)
