

ENGEL

MT27

The Engel MT27 is a medium sized, powerful freezer, capable of freezing almost anything.

It is powered by the latest generation of compressor technology making it ideal for making ice, freezing provisions or keeping ice-cream frozen. In refrigerator mode it can hold a steady temperature.

Operates off 12/24V DC or 110V AC. It automatically switches power from 12/24 volts to 110 volts.

Built tough for the harshest conditions. Proven in the deserts of Africa and Australia.

The new MT27 replaces our MT25 - and offers a new more efficient compressor, upgraded stainless hinges and convenient carry handles. The warrantee is now 2 years.

Technical specifications:

Commonly used by:

- ▶ **Boaters** - for making ice cubes or freezing food
- ▶ **Campers & RV'ers** - keeping provisions frozen
- ▶ **Truckers** - for cooling refreshments
- ▶ **Biologists** - for fast freezing test samples in the field
- ▶ **Medical labs** - for cooling samples and vaccines
- ▶ **Reps on the road** - for frozen product samples

Deep interior - with removable ice tray support. Easily holds tall Champaign bottles upright.

Model Number	MT27F-U1
Power consumption	0.6 - 2.3 Amps
Volume	22 qt.
Equivalent	30 cans (12 Fl.oz)
Weight	37 lbs.
Inside Dims (LxWxH)	11½" x 8" x 13½"
Outside Dims (LxWxH)	21" x 12" x 18.2"
Freezing Ability	From 40°F to 0°F
Temp. control	Variable Thermostat
Available colors	Gray
Refrigerant Gas	CFC free - 134A
Input rating	DC 12/24V - 2.5A AC 110V - 0.9A
Power Lead	9' detachable
Fuse	10A fuse
Max Noise	36 dB
Shipping Dims	14" x 23" x 19"
Shipping Weight	44 lbs.
